

FOR BUSINESS CUSTOMERS

One team. One goal. Logistics you can rely on.

RTC brings together express transport, freight forwarding and warehouse logistics. From Berlin, we plan transport across Germany and Europe and tailor warehouse services in Nauen and Dietzenbach to your requirements.

EXPRESS / FREIGHT / WAREHOUSING & FULFILLMENT

Transport tailored to your requirements.

Express & direct transport

Time-critical shipments, direct runs and dedicated trips with agreed collection and delivery schedules.

Freight forwarding

Part and full loads, direct transport and regular services across Germany and Europe.

Additional services

Carrying goods to the agreed delivery point, customs and documents, neutralisation, and crane loading or unloading by arrangement.

Services, capacity and equipment by individual agreement. Please arrange deliveries in advance.

Three vehicle classes. Flexible options.

Sprinter

Electric pallet truck · tail lift up to 900 kg · side loading and unloading and crane loading possible.

12-18 t rigid trucks

Electric pallet truck · tail lift up to 1,500 kg · side loading and unloading and crane loading possible.

40-tonne truck

13.6 loading metres · payload up to 24,000 kg · approx. 260 cm internal height; mega trailers up to approx. 3 m. Options with a tail lift or truck-mounted forklift.

Exact dimensions, payload and handling equipment are confirmed for the assigned vehicle. Equipment and availability are agreed for each order.

Space for your goods. Structure for your processes.

From goods receipt to dispatch preparation: we combine warehouse logistics with e-commerce fulfillment, including the handling of bulky goods.

Goods receipt & inspection

Receive and check goods against agreed specifications.

Storage & order picking

Store goods and assemble items for individual orders.

Neutralisation & dispatch

Repack, relabel and prepare goods for dispatch.

Transshipment & distribution

Consolidate goods, stage shipments and coordinate onward transport.

Short-term storage up to 1,000 m²

For seasonal peaks and temporary storage, subject to current availability. Space, location, goods and storage duration are agreed individually.

Warehouse concept with personnel on site around the clock, video surveillance and alarm systems. Agree the specific storage area and requirements in advance.

People make logistics happen.

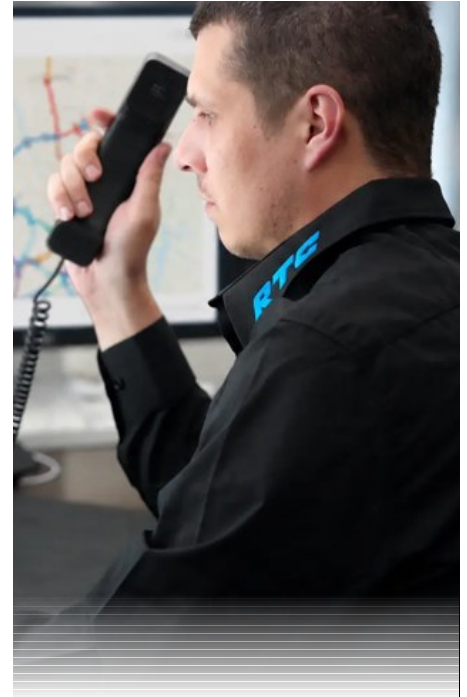

Drivers

Our drivers get your shipment moving and carry out the agreed processes on site.

Warehouse team

Our warehouse team handles goods receipt, inspection, order picking and dispatch preparation.

Dispatch

Our dispatch team plans transport, coordinates schedules and stays in direct contact with you.

How we start working together

Tell us what you need

Transport: route, packages, dimensions, weight and dates. Storage: goods, quantity, duration and handling.

Agree the solution

We clarify vehicles or warehouse space, equipment, processes and the quotation.

Deliver the assignment

Once commissioned, we coordinate the agreed services.

Based in Berlin. Connected through our warehouses.

Berlin

Ostendstraße 25 · 12459 Berlin

Operations management, dispatch, accounting and fulfillment for high-value electronics.

Nauen

Robert-Bosch-Straße 29 · 14641 Nauen

Warehousing, transshipment and fulfillment.

Dietzenbach

Waldstraße 23 / Gebäude D2 · DE-63128 Dietzenbach
